

GO ALL-IN

**CARMEN CORNELIA
HASELWANTER
SPEAKER & ALL-IN MENTOR**

Allegra, I am Carmen Cornelia...

...and not only do I stand in the spotlight as an international speaker, but I also shape the world of casinos.

As one of the few women to ever hold the position of Casino Director, I developed an extraordinary perspective on leadership, customer journey, and success.

At the prestigious Casino of St. Moritz – a meeting place for high society – I have proven my skills and expertise over many years.

In this environment – where risk and reward go hand in hand – and on my long-term globetrotter travels, I realized: success and goal achievement are not left to luck but depend on strategic thinking, leadership skills, and the willingness to go '**ALL-IN**'. From this, I developed the **ALL-IN Mastery**, which forms the basis of the proven **Money Mastery®**.

My story is a testament to determination, consistency, and the courage to push one's boundaries. As an ALL-IN mentor, I help people in my workshops, seminars, as well as group and individual sessions, to realize their desires and dreams and live in abundance and prosperity.

How? By going strategically ALL-IN! With captivating energy, stories from my diverse adventure life, and a sensitive approach, I touch the hearts of my audience. In my talks, I encourage bringing out the best in oneself and going all the way. Life is too short not to **go ALL-IN**. Therefore: **GO ALL-IN!**
